Name	
Name	

Which case or cases do you plan to run?

S-Duct		Dual Flow Reference Nozzle		Neither	
--------	--	----------------------------	--	---------	--

What CFD Code are you planning on using? (Please be detailed)

CFD Code	
----------	--

Presentation Requirements

Will you be submitting results for presentation at the workshop?

- If yes, do you wish to make a presentation or would you rather prepare a poster for display at the workshop (must be present to answer questions)?
- If making a presentation, will you require anything besides a computer and a projector?
- If preparing a poster an easel will be provided for displaying poster material.

Are you developing your own mesh to use? (Please be detailed)

Yes or No				
What mesh generator?				
Are you willing to share your mesh	Yes		No	

Abstract/Paragraph of Participation (100-200 words)

Registration Fee Information

The cost of the workshop should be \$307, \$407, and \$507 for early, regular, and late/on-site registration, respectively. (fees subject to change) Timing for the early, regular, and late registration will be on the same schedule as JPC registration. We are offering scholarships for qualified academics (professors and students) and retirees on a first come, first served basis. Professor registration will be \$160 (they must bring a student to qualify), students registration will be \$40 (limit 2 per school, unless there are excess funds), and retiree registration will be \$40. The workshop fee will be paid at the same time as the conference registration. Academic scholarship applicants need to email aiaapaw@yahoo.com to find out the details and the final selections before sending the registration fee for the workshop.

Scholarship for Professor, Students and Retirees

Needs Scholarship?	Yes or No
--------------------	-----------

Scholarship Information (Limit to 3 per qualified team)

Name (Professor)	
Name (Student)	
Name (Student)	
Name (Retiree)	
Name (Retiree)	

TC Account information

By signing below, I hereby agree to keep within the team all technical information provided by the Workshop Committee. I will upload all flow results including the results obtained from the workshop common mesh and common settings. I will upload the results using the template provided

by the workshop. I will not share it with any other party without formal written agreement from the Workshop Committee Chair. I will also not disclose data developed for this workshop except for uploading to the workshop webpage and other requests by the workshop committee members. There is a "no paper, no podium" rule, if you don't present your findings, your paper won't be published and you will not be eligible for a scholarship.
